Condition**
on one project;
and using apps has
saved around 20-25
minutes per visit!

113,059 **polygons**
bought in total

Our investment in CONNECT continues to
provide innovative solutions including:

- Automated Book of Reference Creation
- Online Landowner Questionnaires
- Landowner Communication

Our bespoke, cloud-based data management system has transformed the way we handle projects forever. We are committed to staying ahead of game in collecting, storing and reporting on data in the safest and most efficient way possible. We have come a long way in our data management and will continue to invest and develop our product to meet our clients' needs.
